EDUCATION

University of Illinois at Urbana-Champaign — Champaign, IL
B.S. in Supply Chain Management and Finance, Gies College of Business | *GPA: 3.95/4.00* — Graduation: May 2028
- Relevant Coursework: STAT 107 (Data Science Exploration), FIN 390 (Financial Modeling), Calculus I

International School of Moscow | Moscow, Russia — Graduation: June 2025

PROFESSIONAL EXPERIENCE

Gies College of Business — Champaign, IL
Business 101 Section Leader — August 2026 – Present
- Lead weekly sections for 30+ first-year students, preparing them to pitch 5+ companies including IBM, Caterpillar and Medline
- Clean and consolidate section data in Excel, using XLOOKUP and INDEX/MATCH to join records and SUMIFS/COUNTIFS to track performance metrics across 30+ students
- Summarize trends with pivot tables and charts, applying conditional formatting to flag exceptions for follow-up with course faculty
- Facilitate discussions on business ethics and professional responsibility and serve as the communication channel between students and faculty, committing 8 to 10 hours per week alongside a 17-credit course load

ANALYTICS PROJECTS

Luxury Goods Distribution Planning Dashboard | *Independent Project, Excel* — July 2026
- Engineered a formula-driven Excel model with 799 live formulas covering 14 Americas boutiques and 16 high jewelry and high watch SKUs, using synthetic data to mirror a luxury supply chain planning workflow
- Designed a rebalancing engine that flagged roughly $65M in inventory trapped at zero-demand boutiques and recommended 14 inter-boutique transfers to fill $8M+ in unmet client orders
- Consolidated inventory health, 33 open client orders, ETA accuracy and on-time delivery into a single headline dashboard built for non-technical stakeholders

Green Brick Partners (NYSE: GRBK) Valuation | *FIN 390: Financial Modeling* — April 2026
- Built a fully linked three-statement model in Excel forecasting from revenue and margin drivers, deriving a $73.37 implied price target through EV/EBITDA valuation
- Ran sensitivity analysis across a 7.0x to 9.0x multiple range and continue to track the call against actual performance

S&P 500 Sector Analysis | *Independent Quantitative Research, Python* — October – November 2025
- Built a Python pipeline (pandas, NumPy) running rolling statistical analysis on 500+ constituents, identifying 3 mean-reverting sectors and segmenting companies into 4 K-Means clusters that outperformed the benchmark by 12% in backtesting
- Made complex financial data readable at a glance by turning price data for 500+ companies into a correlation heatmap of the top 20 S&P 500 stocks with Python (Matplotlib, Seaborn)

LEADERSHIP

The Disruption Lab at UIUC — Urbana, IL
Senior Analyst (previously Analyst) — January 2026 – Present
- Co-launching the Disruption Lab's trading competition with Interactive Brokers, the first of its kind at Gies, as part of a 6-person team, setting goals and rules, designing participant onboarding and working with the Interactive Brokers corporate representative
- Drove 347 sign-ups, 71+ info night attendees and 97 Instagram followers by managing the competition's brand, social media and onboarding
- Core member of a 5-person cross-functional team that delivered Gies College of Business's first AI chatbot, now live in production, coordinating with developers and college stakeholders from build through launch
- Consolidated 30+ structured and unstructured source documents into the chatbot's knowledge base and tracked feedback from 20+ pilot testers, turning findings into weekly stakeholder briefings that drove 3 product changes

Gies Ambassadors' Group Lead — August 2025 – Present
- Lead a 5-person team representing the college to prospective and incoming students; planned and pitched a welcome event reaching 800+ first-year students

Head Girl; Co-Founder and Editor, Global Voice, International School of Moscow — August 2024 – June 2025
- Elected by a 600+ student body to the school's highest student leadership position, serving as sole student liaison to faculty and administration
- Reached readers in 17 countries across 4+ editions by co-founding Global Voice, an international student newspaper
